Remarks

This Amendment is in response to the Final Office Action dated **July 14, 2008.**

In the Final Action claim 44 has been indicated to be allowable if written in independent form including the limitations of all prior claims from which it depended. This has been done. Note that the word "subject" in the preamble of claim 41 has been changed to "patient" to conform to the subsequent reference in the administering step.

All other claims have been cancelled. The applicant does not agree with the rejection of the cancelled claims and reserves the right to resubmit and prosecute the same or similar subject matter in a continuing application.

The application is in condition for allowance. Early and favorable action thereon is respectfully requested.

Respectfully submitted,
VIDAS, ARRETT & STEINKRAUS
